**Re: Hexcel Corporation
Lodi Borough, Bergen County
ISRA Case #86009**

Dear Mr. Migliarino:

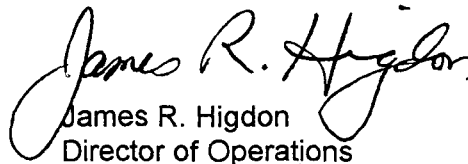

I am writing to express some comments on behalf of Fine Organics Corporation on your letter of May 23, 1996 to Edward A. Hogan.

Fine Organics is pleased to see that, in paragraph 1, the DEPE is requiring Hexcel to move ahead with soil investigation and remediation. As the owner of the property, Fine Organics would like to see the remediation completed as soon as possible.

We also note that the DEPE has requested that Hexcel provide a current estimate of the cost of the remediation. We have reviewed Hexcel's previous cost estimates, and it appears to us that the previous estimates do not include any amount for soil remediation. In order to ensure that adequate funding is available to complete the remediation, we would like to see the DEPE require Hexcel to include this item in its current cost estimate.

Very truly yours,

FINE ORGANICS CORPORATION

James R. Higdon
Director of Operations
